

HSAC

Helicopter Safety Advisory Conference

Offshore Wind Committee Outbrief

Committee meeting 08-09 October 2025

New Orleans, LA

HSAC

Helicopter Safety Advisory Conference

Safety Through Cooperation
Since 1978

Offshore Wind Committee

Newly established committee

2 In-Person participants

2 On-line participants

Goal:

Promote safety by establishing a single, industry-accepted recommended practice for offshore wind aviation support in the American offshore renewable sector.

HSAC

Helicopter Safety Advisory Conference

Safety Through Cooperation
Since 1978

Agenda

- Housekeeping and Status
- Hands-on update of RP-166
- Timeline going forward

HSAC

Helicopter Safety Advisory Conference

Safety Through Cooperation
Since 1978

RP-166 expansion and update

- Adding 8 new chapters
- Updating original document

13	AVIATION OPERATIONS	29
13.1	Helicopter Transport Flights	29
13.2	Helicopter Hoist Operations.....	29
13.3	Helicopter External Sling Load Operations (HESLO).....	30
13.4	Surveys, reconnaissance and inspections	30
13.5	Emergency Service Flights	30
14	DUTIES AND RESPONSIBILITIES	31
14.1	Duties and responsibilities of the Aircraft Operator	31
14.2	Duties and responsibilities of the Users of Aviation	32
15	AIRCRAFT REQUIREMENTS	34
16	AIRCREW REQUIREMENTS	38
16.1	Pilots	38
16.2	Flight Crew Experience.....	38
16.3	Hoist Operators.....	39
17	AIRCREW TRAINING	41
18	AIRCRAFT PERFORMANCE	42
18.1	Aircraft Performance for HEC Operations	42
18.2	Wind Benefit for planning.....	43
19	FLIGHT OPERATIONS	44
20	MAINTENANCE	45
21	EMERGENCY / ABNORMAL SITUATIONS	46

13	AVIATION OPERATIONS	28
13.1	Helicopter Transport Flights	28
13.2	Helicopter Hoist Operations	28
13.3	Helicopter External Sling Load Operations (HESLO).....	29
13.4	Surveys, reconnaissance and inspections	29
13.5	Emergency Service Flights.....	29
14	DUTIES AND RESPONSIBILITIES	30
14.1	Duties and responsibilities of the Aircraft Operator.....	30
14.2	Duties and responsibilities of the Users of Aviation	31
15	AIRCRAFT REQUIREMENTS	33
16	AIRCREW REQUIREMENTS	35
16.1	Pilots	35
16.2	Flight Crew Experience	36
16.3	Requirements to Flight Crew	37
16.4	Preferred Requirements to Aircraft Maintenance Engineers/Technicians	37
16.5	Hoist Operators	38
17	AIRCRAFT PERFORMANCE	39
17.1	Aircraft Performance for HEC Operations.....	39
17.2	Wind Benefit for planning	39
18	FLIGHT OPERATIONS	40
18.1	Communications.....	40
18.2	Offshore weather information / stations	40
18.3	Transport of HAZMAT	40
18.4	Helicopter Hoist Operations to/from vessels	41
18.5	Remote hoist hook operations.....	41
18.6	Helideck design and inspection.....	42
18.7	HLO / HDA (OPITO approved)	42
18.8	Weather mins for Crew change (RP165)	43
18.9	Weather mins for HHO	43
18.10	NOTAM, intercompany sharing (RP165)	43
18.11	TOC RP165	43
18.12	Offshore IFR	43
19	MAINTENANCE	44
20	EMERGENCY / ABNORMAL CONDITIONS	45

HSAC

Helicopter Safety Advisory Conference

Safety Through Cooperation
Since 1978

RP-166 next steps

1. Finalize 8 new chapters
2. HeliOffshore endorsement
3. HSAC board presentation in January 2026
4. Once HSAC board approval is obtained:
5. Annual review and update process

HeliOffshore
