HSAC

Helicopter Safety Advisory Conference

Safety Through Cooperation
Since 1978

UAS Workgroup Composition

Very good showing

- 42 In-Person participants
- 17 On-line participants
- 22 different industry/company represented
- Housekeeping and Introductions
- Recent Incident(s) / Importance of Reporting and Lessons Learned as well as incidents outside of our industry
 - 1 x technical “safety moment” share
 - 1 x incident w/helicopter in vicinity
 - 1 x report of low flying drone
 - FAA report of incidents (review)

HSAC

Helicopter Safety Advisory Conference

Safety Through Cooperation
Since 1978

UAS Workgroup Agenda

-Opportunity for industry forum and collaboration

-Industry engagement with multiple RPAS/Drone Operating Companies

-2 Individual briefs:

-DJI Representative

-Air deconfliction equipment manufacturer

Very collaborative and timely engagement of speakers
